LOCATION PLANS SWISSTECH CONVENTION CENTER

The SwissTech Convention Center is organized across three main levels:

Cloud, Campus et Garden.

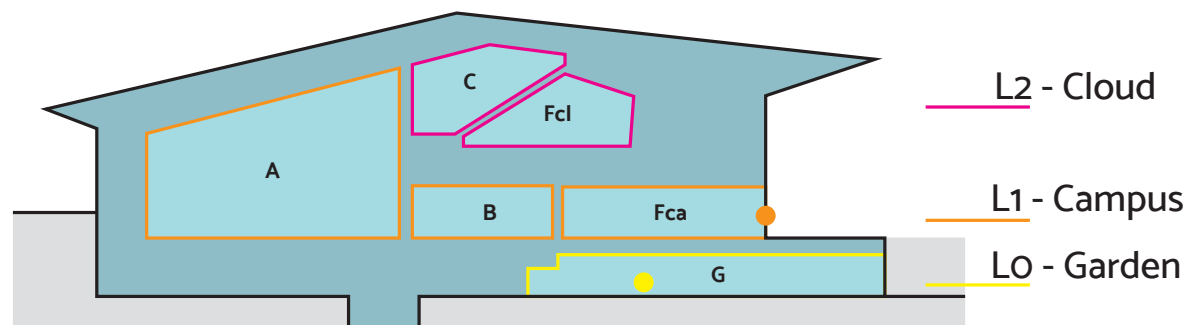

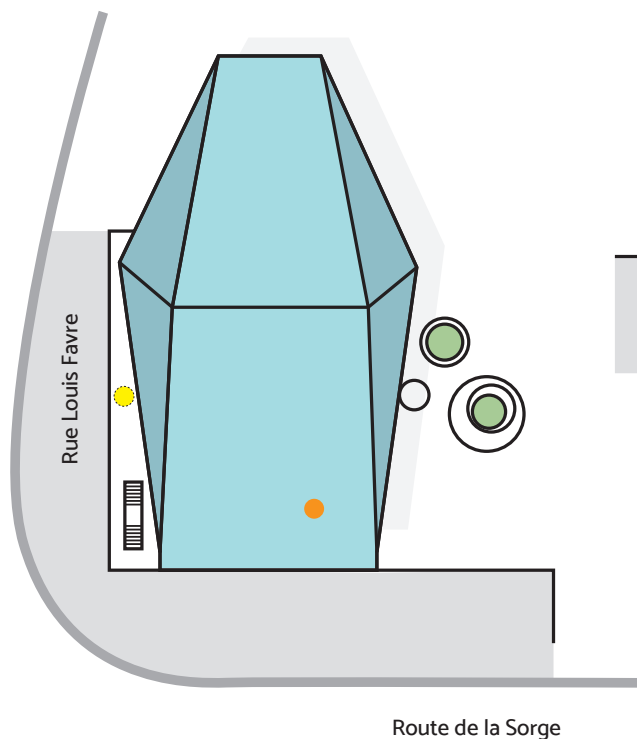

To access, two entrances are at your disposal :

- The main entrance, located on level L1 (Campus).
- The secondary entrance, accessible from Rue Louis-Favre on level LO (Garden).

The floor plans below will help you locate the main indoor spaces (Auditoriums A, B, and C, Campus Foyer, Cloud Foyer, etc.) dedicated to the various products in our catalog.

Depending on their nature, some products can be set up freely both indoors and outdoors, while others benefit from a predefined strategic location.

Find the specific location of each product in the following pages.

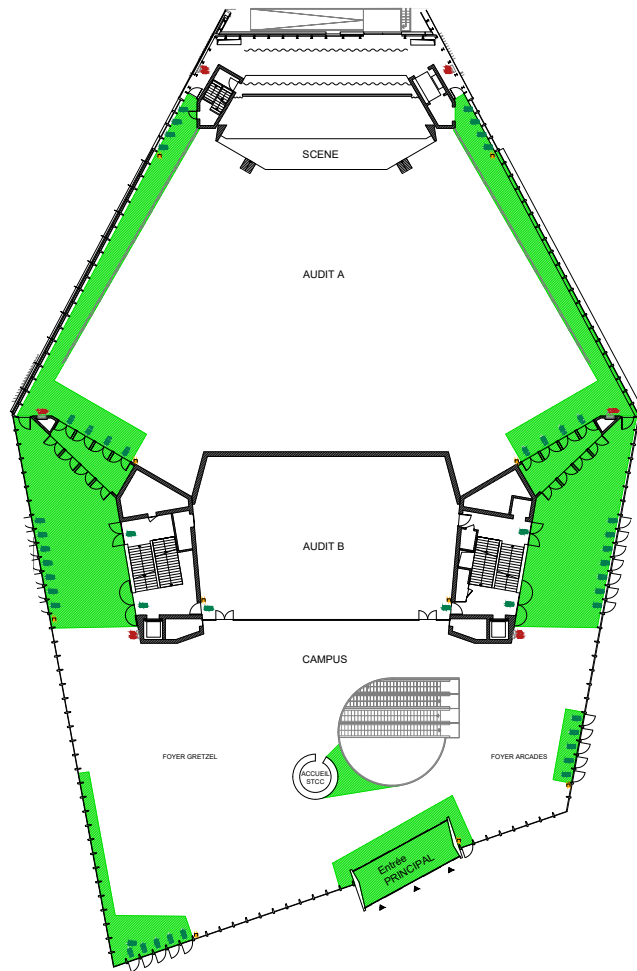

- Campus Entrance (main)
- Garden Entrance (secondary)
- A** Auditorium A
- B** Auditorium B
- Fca** Foyer Campus
- C** Auditorium C
- Fcl** Foyer Cloud
- G** Garden space

TECHNICAL RECOMMENDATIONS AND DEADLINES

This document explains how to prepare your files and how to send them to us. It also contains information about creation, support and current deadlines.

Preparing your PDF file

Colour mode: CMYK (cyan, magenta, yellow, black), no Pantone® or spot colours

Resolution: minimum 72 dpi, maximum 100 dpi at 1:1 scale

Font and text: All text and characters must be vectorised

Bleed: Add a 3 mm bleed. For some products, a larger bleed may be necessary. Consult the technical specifications on the product pages or request an Illustrator template.

File transfer

Your files can be sent to us by e-mail.

However, for files larger than 20 MB, please use a file transfer service such as swisstransfer (www.swisstransfer.com).

Design

Need help creating your materials? Our graphics team is here to assist you. Entrust us with your project: we will assess the work required together and provide you with a customised quote.

Support

Our team of graphic designers is available to assist you in preparing your files. Please contact us if you require any assistance.

Deadlines

Print-ready files: Files must be received by us 10 working days before your event.

Specific products: Allow 15 working days for flags, photowalls and Sagex letters.

Design by our teams: If we are responsible for the design, please allow an additional 5 working days.

ECO-FRIENDLY PRODUCTS

Commitment to the environment is a priority for us.

All products in the catalogue are printed locally, near the SwissTech Convention Centre. This minimises the carbon footprint associated with transport.

We take a careful approach to resource management at every stage: from production to logistics, including our daily activities.

It is in this spirit that we are able to offer you an eco-friendly version of most of our products that complies with fire safety standards.

By choosing these materials, you are opting for a sustainable approach that can bring a unique texture or visual effect to your project. Although they often cost more, it is an investment that gives meaning to your communication.

Contact us to explore these options. We guarantee the best value for money for your eco-friendly project.
